Some of the Many Accolades For DeskMan/2!

- "It is a beautifully designed, invaluable program. I love DeskMan/2".
Edward Mendelson, Contributing Editor, PC Magazine
- "Every system administrator of OS/2 networks would kill to get something like this!"
Juergen Kuri, OS/2 Support Technician and freelance journalist for German OS/2 magazine
- "Love the program, and I think you have a real winner!"
Michael Holmes, Office Technology Manager, Norwich Life Australia Ltd.
- "It is an excellent example of a SOM aware piece of software which is the best example that I have seen of what can be done within the Desktop/SOM paradigm."
Lawrence Hunsicker, Chairman, Department of Medicine Computer Applications Committee, University of Iowa College of Medicine
- "How could we all live without DeskMan/2 in the ancient times?"
Olaf Koch, Author of "OS/2 2.0 Kompendium"
- "We have been testing lots of beta 2.1 CDs and this is just what we needed."
Mark Ahlstrom, Keller Group, Inc., developers of FaxWorks for OS/2
- "DeskMan/2 is truly incredible! You've got a disciple!"
Orest Skyrpuch, President, Amdox Corp.

DeskMan/2™

The Premier Solution to Manage and Secure Your Workplace Shell - Quickly and Easily!

DeskMan/2™ v.1.5 is **UNMATCHED** in its ability to fully exploit the multi-tasking power and versatility of OS/2! Incorporating the powerful **VUEMan/2™** virtual desktop & window manager, the potent **DeskMan/2 WPS Extensions**, **DeskMan/2 WPS Image Backup Facility**, and the new **DevTech Installer**, **DeskMan/2** is essential. Fast, flexible, supported by LAD/2, and CID enabled and packed with new and updated features, **DeskMan/2 v.1.5** is a *must have* for all OS/2 users.

CONTROL MULTIPLE DESKTOPS!

DeskMan/2 brings new meaning to "multitasking". Using **VUEMan/2**, create as many as 81 virtual desktop layouts (4 are illustrated above, right). You'll be amazed at how quickly and efficiently **VUEMan/2** transports you from one well-organized desktop to the next - just point & click!

MANAGE AND SECURE YOUR WORKPLACE SHELL!

Manipulate Workplace Shell Objects like never before. **DeskMan/2** makes it easy, from the Personal Computer to the LAN! **Managers:** protect access to windows, objects and other features, on a user by user basis. **LAN Administrators:** easily and quickly install, configure, backup, restore, secure and standardize your departmental desktops and objects, without even leaving your own office! Or use **DeskMan/2** to quickly and easily migrate your customized WPS desktop, icons and objects between workstations. Query objects to learn about their settings, create REXX scripts, change an object's styles ... *and so much more!*
